Wednesday, April 24, 2019
8 am – 4:30 pm
Helena, Montana
Lewis & Clark County Fairgrounds
Bill Hamilton Building

Speakers From:
USDA APHIS Wildlife Services
Montana Livestock Loss Board
US Fish and Wildlife Service

Montana Fish Wildlife and Parks
Western Landowner’s Alliance
National Wildlife Research Center
Defenders of Wildlife

Workshop Objective:
• To provide information on the science and practical application of preventative measures to reduce livestock-wildlife conflicts and economic losses.
• To discuss the importance of the non-lethal component of managing predator damage as it relates to producers being able to be proactive in managing predation.
